

## MANAGED FILE TRANSFER SOLUTION REVIEW AND MARKET COMPARISON

### The Problem

As digital demands grow, it's crucial that your Managed File Transfer (MFT) solution continues to meet business requirements. Evaluating whether to upgrade your current platform or switch to a new one requires an in-depth comparison with available alternatives which can take up valuable time and resource.

### The Solution

The MFT Solution Review and Market Comparison Service from HANDD Business Solutions (HANDD) offers a detailed evaluation of your current MFT platform compared to other leading market solutions. This service provides insights to help your organisation decide whether to retain, upgrade, or switch solutions.

### How does HANDD's Managed File Transfer Solution Review and Market Comparison Service work?

- Our experts deliver a comprehensive report assessing your current MFT platform's features, compliance, and costs.
- We create a comparison matrix of your incumbent solution against market-leading MFT products, focusing on key aspects like pricing, vendor reputation, and features.
- Actionable recommendations provided on whether to retain, upgrade, or switch platforms, along with a financial report for informed decision-making.

### Key Features and Benefits:

- **Detailed Platform Review:** Analyse your MFT platform's security, scalability, compliance, and total cost of ownership.
- **Market Comparison Matrix:** Compare your current solution with other leading platforms on key factors like features, costs, and future scalability.
- **Tailored Recommendations:** Get customised advice on whether to stay with your current platform or explore more advanced or cost-effective alternatives.
- **Cost-Benefit & Risk Analysis:** Receive financial and risk assessments that outline the implications of maintaining or switching platforms.

### Why Choose HANDD?

HANDD offers in-depth knowledge of MFT solutions with unbiased, data-driven comparisons, tailored advice for your specific needs and goals, and end-to-end support from evaluation to final implementation.

*HANDD offer custom pricing based on specific requirements for this service. To discuss your requirement, get in touch with [info@handd.com.my](mailto:info@handd.com.my)*
